## How we work

The casework back office is based in New Delhi, India but the actions are decentralized to maintain ease, save costs and deliver quick and controlled justice to parties in dispute.

Flexible Rules, choice of national laws, very large and diverse pool of neutrals, and FLEXIBLE seat of arbitration makes it a unique platform to serve the needs of modern business.

WDE-FICM case administration is highly flexible. Every case is monitored, but the level of administrative support adapts to the needs and wishes of the parties and the tribunal, and to the circumstances of each case.

The WDE-FICM's administrative services are not confined to the conduct of arbitration and of a wide range of other ADR procedures under its own rules. It is one and only organization that delivers success through MED-ARBITRATION PROCESSES, we call it Meditative Justice
